

lasis Christ Fellowship and other churches in the community partner with Timberline Church's Adapt-A-Family program to provide gifts and food to needy people in the community at Christmas. During the Christmas season we have a table at the church on Sunday mornings where people can sign up to either be adopted or to adopt someone else.

This "adoption" can take many different forms, from interacting directly with a needy family to bless them at Christmas, to buying and donating an anonymous gift, to donating cash so AAF can meet whatever needs have not been covered by adopters.

At the appropriate time, you can sign up at the church to be a part of this outreach, or you can call Timberline Church at 970-482-4387 for more details.
