

Whenever funds are available, we consider requests for financial assistance from anyone in the community. Each person/family may be considered for financial assistance no more than once a year. After filling out a request form, an applicant is interviewed by two people from our Financial Team.

Then our Prayer Team prays with the applicant, seeking God's wisdom on the best way to assist. Only He knows each situation perfectly, and He gives us wisdom in helping each person. After checking references and considering the Prayer Team's feedback, the Financial Team makes a decision on how we can help, and notifies the applicant. This process might take up to two weeks, but we proceed as quickly as possible. If you need financial assistance, please contact the church office at 970-416-9392 to be connected with a Financial Team agent.

Our funds for giving financial assistance are largely donated directly to the Mercy Ministry. If you would like the Mercy Ministry to be an arm for your benevolent giving, we would welcome your donation. Please be assured we give each application prayerful consideration. One hundred percent of every donation goes directly to the needy.
