

Nonperishable and frozen food items are available to anyone in the community from our Food Pantry every three months. Please call the church office at 970-416-9392 to be connected with a Food Pantry agent.

We stock the Food Pantry with food purchased at the Food Bank, and also with food donated to us. We have food drives periodically at the church, but we can accept food donations at any time. We can also accept monetary donations designated for the purchase of food to stock our shelves.

Please contact the church office to make a donation, or bring your donation to church during any service time.
